Chairperson

Mrs Debbie Marshall

I have some great news our Seminar next month 'What Works' is fully booked if you were hoping to come and you haven't got a place booked yet, you will need to contact me A.S.A.P., I may be able to squeeze one or two more in.

CASH for your Community —I am delighted to let you know we did really well and I have received a cheque for £64.32 from the Echo.

For those who don't know I have been very unwell for about three months I have just come out of hospital and I finally now know what is wrong with me. I am now waiting for an operation.

Everything to do with CANadda is planned as normal for the future but I have had to cut back on what I am doing and some things will take longer to get done then usual. I do appreciate your patience over the coming two months and I am sorry for any inconvenience I may cause.

We are a small but friendly committee we all work from home and all the work we do is on a voluntary basis, we don't normally claim for our expenses. So we are all doing the best we can under the circumstances.

The ID Alert Cards and Wristbands scheme is in place and is going well, please be aware processing the application forms is taking a lot longer then expected but they will get done.

I hope you all have a lovely Valentines. If you don't get anything for Valentines, you're not alone, I don't either!!

RESEARCH

Please could you spare Ann Beck 5 minutes to answer 4 simple questions so she can help meet the needs of the market.

Famous OCD Quote

Crawford washed her hands a lot. She washed her arms all the way up past her elbows. She just couldn't get enough done in that direction. She was compulsive about being clean, clean, clean!

[Fay Wray](#)—Actress

I have got this obsessive compulsive disorder where I have to have everything in a straight line, or everything has to be in pairs.

[David Beckham](#)—Footballer

I'm, like, a compulsive eater. I'm going to be so fat when I'm older, it's ridiculous.
